

Dear colleagues,

The 3rd Asian Society for Pigment Cell Research Meeting will be held in Seoul, Korea, from the 11th to the 13th of June 2009. We expect to have many participants from Korea, Japan, China, India, Indonesia, Hongkong, Singapore, Philippine, Kuwait, Saudi Arabia, Taiwan, Thailand, Australia, elsewhere in Asia and throughout the world.

We are very pleased to offer you the opportunity to exchange social and scientific informations with dermatologists and researchers from many countries. Especially, June is the best season in Seoul and we hope you could enjoy Seoul during the meeting.

Main topics of this conference will be the basics of melanogenesis and their practical applications for the medial and laser treatment of pigmentary disorders (melasma, vitiligo, etc) and also for cosmetics development.

We would appreciate it if you could forward this e-mail to any colleagues who might be interested in attending this international meeting.

Please remember that abstract should be sent before the end of Feb.

Accepted abstract will be published in Pigment Cell and melanoma Research (2007 Impact factor. 4.288).

We are looking forward to seeing you soon.
