

16th Meeting of the European Society for Pigment Cell Research

4–7 September 2010

Wellcome Trust Genome Campus, Hinxton, Cambridge, UK

This meeting will bring together pigment cell researchers from throughout Europe and beyond.

Gathering in the outstanding conference facilities of the Wellcome Trust Conference Centre in Hinxton, there will be an international selection of speakers (both invited and selected from submitted abstracts) covering all aspects of pigment cell research. There will be plenty of time for poster sessions and informal discussions.

SESSION TOPICS will include presentations on Genetics of Pigment Cell Transcription, Developmental Biology of Pigment Cells and MSCs, Pigmentary Disorders, Melanocyte Cell Biology, Melanocytes, Migration and Melanoma, Signalling Pathways in Melanocytes and Melanoma Cells, Senescence, Melanoma Biology and Therapeutics, Melanocyte and Melanoma Genomics and DNA Damage and Epidermal Biology. In addition, there will be plenary lectures by major figures in related fields and the Fritz Anders Memorial Lecture.

Confirmed speakers

Greg Barsh Stanford University, USA
Dorothy Bennett St George's, University of London, UK
Corine Bertolotto University of Nice, France
Markus Böhm University of Münster, Germany
Janice Brissette Massachusetts General Hospital, USA
Lynda Chin Dana-Farber Cancer Institute, USA
Marco d'Ischia University of Naples Federico II, Italy
Jose-Carlos García-Borrón University of Murcia, Spain
Dave Gillespie Beatson Institute for Cancer Research, UK
Colin Goding Ludwig Institute for Cancer Research, UK
Raposo Graca Institut Curie, France

Rudy Happle Philipp University of Marburg, Germany
Keith Hoek University Hospital of Zurich, Switzerland
Stephen Johnson Washington University Medical School, USA
Robert Kelsh University of Bath, UK
Shigeru Kondo Frontier Bio-Science Osaka University, Japan
Lionel Larue Institut Curie, France
Richard Marais Institute for Cancer Research, UK
Alain Mauviel University of Paris, France
Lluís Montoliu Centro Nacional de Biotecnología, Spain
Nick Mundy University of Cambridge, UK
Julia Newton-Bishop University of Leeds, UK
Liz Patton MRC Human Genetics Unit, UK
Daniel Peepker Netherlands Cancer Institute, The Netherlands
Mauro Picardo San Gallicano Dermatologic Institute - IRCCS Rome, Italy
Francesca Pignoni SUNY Upstate Medical University, USA
Gloria Ribas Fundacion Investigacion Hospital Clinico Valencia, Spain
Jose Neptuno Rodriguez-Lopez University of Murcia, Spain
Erik Sahai Cancer Research UK
Vittoria Schiaffino San Raffaele Scientific Institute, Italy
Maria S Soengas Spanish National Cancer Research Centre, Spain
Eirikur Steingrimsdottir University of Iceland, Iceland
Alain Taieb CHU Bordeaux, French Polynesia

Plenary lectures

Masashi Narita
Fiona Watt
Cancer Research UK, Cambridge Research Institute, UK

Fritz Anders Memorial Lecture

Heinz Arnheiter NIH Department: NINDS, USA

Registration deadline: **13 August 2010**
